LOS ANGELES is a familiar name in Chicago. Next winter will see many of Chicago's people in our midst, to visit or to stay permanently.

ACCOMMODATIONS at Hotel del Monte, Monterey, have been engaged ahead for 1000 people on the 6th of August, 1000 on the 7th and 500 on the 8th.

GEN. BRINKERHOFF, of Ohio, has recently said of prisons "that contract labor only requires brutality and clubs to make it self-supporting."

THOSE Republican candidates for Governor who have been doing the gong act with vigor and violence for months past should prepare themselves for a surprise. Some other fellow may march away from the convention with the political baggage strapped upon his back—"glory, hallelujah!"

THE New York Tribune says that at least 60,000,000 pounds of American wool have been rendered unsaleable by increased importations of foreign wool, as the effect of the Democratic free-trade raid upon the tariff in 1883. The average import price of clothing wool during the eleven months has been 16.4 cents; of combing wool, 22.3 cents; of carpet wool, 10.5 cents. How do California wool-growers like the situation? Will they support the party which threatens to take off all the duty, and compel them to sell at the same price with the foreign producers or not at all?

WHEN Chicago has her centennial she expects to have 3,000,000 inhabitants. On that interesting occasion, according to the Inter-Ocean, she will import every foreign sovereign of Europe, and pay his board thirty days. She will reserve one entire ward for all St. Louis, and let her play around just as she pleases. Great Britain's navy will be anchored in the Hennepin Canal, firing minute guns over the grave of Jerry Murphy. The only Democratic President in seventy-five years will attend, old age permitting, and we will have a colossal time generally." But, unfortunately, we shall have to wait until March 4, 1937, to see all this.

FAT FIGURES

From the County Assessor's Report for 1886.

The yearly report of the County Assessor was completed late last night, and is a very lengthy document in tabulated form, showing the quantity and classes of real estate, with amount of improvements; also the classes and cash values of personal property. For want of space the complete tables cannot be given, but the most important items of the report are as follows: The real estate in the county is valued at $14,198,802. Improvements on same, $7,630,024; city and town lots, $9,344,044. Total, $31,172,870.

Value of property affected by mortgages, $3,673,585; assessed value of trust deeds and mortgages on real estate, $3,064,705. The Los Angeles and San Diego railroad, with 27.08 miles, is valued at $311,420; the Los Angeles and Independence railroad, with 17 miles, $122,495; the Los Angeles and San Gabriel Valley railroad, 12½ miles, $68,750. The total value of personal property in Los Angeles county is set down at $5,884,303, of which the principal items are given below: Cattle, 27,191; value, $500,113. Horses and colts, 17,814; value, $682,524. Sheep, 183,802; value, $270,271. Mules and asses, 1166; value, $53,197. Hogs, $29,413. Poultry, $26,284. Merchandise, $1,461,490. Wheat, 18,800 centals; value, $14,100. Oats, 2667 centals; value, $2000. Barley, 18,500 centals; value, $9250. Corn, 26,410 centals; value, $13,205.

Telegraph and telephone lines, $26,690; water mains, $140,000; gas mains, $50,000; electric light plant, $30,000; track of street railways, $21,250; rail road rolling stock not assessed by State Board of Equalization, $42,810; solvent credits after deduction of debts, $241,889, and franchises not assessed by State Board, $129,435. There are 747,150 gallons of wine valued at 74,715; the value of brandy and other liquors is $6,265. There are 28 stills assessed at $5,500, and casks, tubs and pipes to the amount of $29,950; 8279 wagons and other vehicles are assessed at $323,512; farming utensils, $64,282, and other tools, $13,132, and harness, robes and saddles, $66,668. The fixtures of business places are put down at $79,700, and furniture in the county is worth $585,547. Law, medical and miscellaneous libraries are valued at $35,347. Lumber, $162,650; machinery, $257,775. There are 4426 sewing machines, valued at $44,292; 2570 watches, worth $46 834; 1201 pianos, put down at $116,497, and other musical instruments valued at $23,983. There is jewelry or plate to the amount of $19,185 in the county, and the 56 billiard tables it contains are valued at $6,340. Beehives and honey rate, $13,889, and firearms, $9,468. There is $67,496 in specie on hand or special deposit, $3,000 in bonds. Water crafts and vessels have a value of $24,175; wood foots up to $1,665, and coal $33,445.

There are 400 telephones, valued at $800, and 1,270 goats, worth $1,270. Also, 54 ostriches, assessed at $92.14 apiece, making a total value of $4,975.

The entire value of real and personal property of the county foots up to $37,057,173, as against $32,736,112 in 1885.

During the fiscal year 1885-86 the following number of trees have been planted: Lemon, 55,620; orange, 729,865; olive, 4,520; apple, 82,950; pear, 26,480, peach, 47,010; quince, 3,675; fig, 4,765; prune, none reported; plum, 13,450; cherry, none reported; apricot, 15,175; nectarine, none reported.

PAVING.

The Supervisors have signed a contract with the Mineral Rock Asphalt Company to pave the city's half of Market street in the same fashion as the pavement corner Spring and Second. Newmark, Cohn & Co. have contracted for similar paving on all four sides of the Temple Block, and all but three property owners on Main street, between First and Second, including the Central Railway Company, have also signed the contracts. A good deal of paving is expected to be done before the winter rains begin.

SACRAMENTO.

A Growing Crop of Senatorial Aspirants.

IRRIGATORS RUSHING IN THEIR BILLS.

Shorb on the Alleged Crooked Petition to Stoneman—Proceedings in Senate and House.

Associated Press Dispatches to The Times.

SACRAMENTO, July 26.—The members of the Fresno Irrigation Committee, who went to San Francisco Friday, returned last evening and at noon. The Legislators flocked in by the morning trains. Senator Steele of Santa Barbara says he will not accept the United States Senatorship if tendered him, because of the precarious condition of his health.

A NEW SENATORIAL CANDIDATE.

Ex-Congressman Tom Shannon is prominently spoken of, to-day, as likely to be elected Senator for the balance of the late Senator Miller's term. The suggestion was originated as a joke, as Ex United States Senator would complete the list of his "ex's," but, this morning, it has assumed serious proportions, and there is great probability that he will be elected if an election takes place.

AND STILL ANOTHER.

Speaker Parks, on his arrival from Marysville, being asked whether or not he would accept the Senatorship, said: "Of course. Who wouldn't? I shall make no rough and tumble fight for it, but if it is tendered I will take it."

The latest interpretation of the law requiring the Legislature to elect a Senator, is that the Legislature may, if they choose, elect a Senator before the second Tuesday after organization, and that it must not necessarily wait until that time.

SHORB TALKS ABOUT THAT PETITION.

SACRAMENTO, July 26.—J. De Barth Shorb states, in regard to the petition to the Governor, asking him to call an extra session: "It is signed by ninety members of the Legislature. In every instance the signatures were appended in the presence of one or more witnesses, and the originals can be produced. There are but 24 members in attendance who did not sign, but, of these, several who are actively working for irrigation measures could not be reached in time."

He further said: "I don't believe that any member who signed the memorial will fail to vote for the specific measures which were appended to it, and which they stated to the Governor they would vote for."

Mr. Shorb has improved in health, but is still confined to his room.

THE IRRIGATION COMMITTEE.

SACRAMENTO, July 26.—Immediately after the adjournment of the Senate, the Committee on Irrigation (Mr. Taylor, of Shasta, Chairman) met, but adjourned without transacting any business. Nearly all the bills before it are duplicates of those before a similar committee of the Assembly, which meets to-night.

COMMITTEES IN CONFERENCE.

SACRAMENTO, July 26.—The joint session of the Assembly Committees on Irrigation and Constitutional Amendments was held this evening, Mr. Walrath of Nevada presiding. Dr. Capels, a farmer of Sacramento county, who first addressed the committee, argued that it was not just nor right to repeal a law upon which thousands had relied to invest their money in riparian lands.

A. P. Colville, a Fresno farmer, stated that he was a practical irrigationist, and that he had yet to meet a riparianist who objected to irrigation. The only objection was to the methods proposed, for they were not in the interests of the people. Legislation must be based upon a conservative middle ground that gives all an equal chance. The people of Fresno were not in favor of radical measures unless compensation should be given the persons whose lands were ruined.

Mr. Marks, of Fresno, the next speaker, stated that he represented the small farmers of Fresno, who favored appropriation.

S. C. Lillis, a representative of the Rancho Laguna, in Fresno county, represented that King's river, which runs through the rancho, was drained by ditch companies, which refused to sell the water for less than $800 per foot. If this proposed legislation was not accomplished, this vast tract of land was worthless. He was not willing to allow the ditch companies an inch of water in the river.

The committee adjourned at a late hour, to meet again to morrow night.

LEGISLATIVE PROCEEDINGS.

Senate.

SACRAMENTO, July 26.—The Senate met at 2 o'clock, President Daggett presiding.

He announced the appointment of the following Committee on Constitutional amendments: Kellogg, McClure, Baldwin, Days, Dougherty, Whitney, Knight, Wallis, Drum, Johnson of Sonoma, and De Long.

Geo. F. Tuttle resigned as Engrossing Clerk and Geo. W. Jackson was elected his successor.

Mr. Del Valle presented a memorial from the Committee of the Council of Los Angeles, protesting against the adoption of a Constitutional amendment limiting the right of city authorities to fix water rates once in three years, and fixing the interest to be allowed at 7 per cent. Referred to Committee on Constitutional Amendments.

Mr. Cox presented a number of petitions from San Francisco and other cities, asking the Legislature not to enact legislation in the interest of water monopoly, but to see that the rights of all persons be protected, also a large number of petitions signed by persons who withdrew their names from the irrigation petitions heretofore presented, on the ground that they had signed under misapprehension and expressly discrediting the attack on the Supreme Court.

Mr. Lynch offered a resolution to print all petitions in the journal with the number of names attached. Lost.

The following bills were introduced:

By Mr. Cross—To provide for the acquiring by the State of properties for the purpose of applying water to irrigation and other beneficial uses. The bill authorized any number of persons to be joined in condemnation suits as defendants. No water right actually applied to beneficial uses by its owner shall be acquired by the State except by purchase;

By Mr. Saxe—An act defining riparian rights as the right to water flowing past a riparian proprietor. He may use it for domestic uses, the watering of stock, irrigation and mechanical purposes. When the water is returned to its channel all surplus may be used by others for the same purposes.

By Mr. Days—Proposing amendments to the Constitution, declaring the water of all unnavigable streams public property; providing for the appointment of a State Water Commission; authorizing the State to acquire water rights, and providing for distributing the water of the State.

Adjourned.

Assembly.

SACRAMENTO, July 26.—The Assembly met at 2 p. m., Speaker Parks presiding.

Mr. Jordan, of Alameda, introduced an amendment to Article XIV of the Constitution, providing as follows:

"The waters of all natural non-navigable lakes not situated upon private lands in one ownership, and all non-navigable rivers and brooks passing beyond lands in one ownership, and surplus waters of all navigable lakes and rivers diverted at such times as shall not impair navigation thereof, are declared the property of the State, and no ownership in or right to the use, appropriation or diversion of the same shall ever be granted to any person, company or corporation. The water shall be subject to distribution for municipal, mechanical, mining mechanical and irrigation purposes under control of the State. In cases where water rights have already been appropriated, all such rights shall revert to the State, in case of corporations at the expiration of the corporations' legal term of existence, and in the case of private persons at the expiration of twenty years from the commencement of the use. Riparian owners shall be protected in the use of water for household and stock purposes, but not for irrigation. Cities owning and supplying cities shall not be permitted to charge more than 7 nor less than 5 per cent. on the actual cost of expenses, besides current expenses. Corporation or persons owning works by prior appropriation shall be similarly governed. The State may, at any general election, before the expiration of a corporation's or of personal rights, condemn all ditches and canals owned. The English law of riparian rights is abolished."

Mr. McJunkin, of San Francisco, introduced a bill condemning the waters of unnavigable streams and the rights of persons living on the banks thereof.

Mr. May's appropriation bill of $49,500 for salaries and mileage of members and attachés of the Legislature, and for contingent expenses, was read for a third time and passed by unanimous vote.

Mr. Firebaugh introduced a concurrent resolution requesting that the California Representatives and Senators in Congress should urge the passage of the bill providing for the sale of public lands so that the waters thereof may be dedicated to the public use and not be conveyed with the land to private persons. Ordered printed.

Mr. Carter, of Solano, offered an amendment to Article XIV of the Constitution, declaring the waters of unnavigable streams dedicated to the State and recognizing riparianists as prior appropriators.

Mr. McJunkin introduced a bill making the water of unnavigable streams subject to condemnation by the State, provided that compensation be allowed riparian owners.

Mr. McJunkin introduced a concurrent resolution to request the Governor to declare August 3d and 4th legal holidays, as a compliment to the G. A. R. encampment.

Mr. Jones, of Sacramento, objected. August 3rd, he said, was the day when the Legislature would elect a United States Senator.

Mr. McJunkin held that the laws of the State provided that in case of a legal holiday an election could be postponed.

Many thought that so important a question needed consideration, and the resolution was laid over until to-morrow.

Petitions for prompt action on irrigation questions were submitted as follows: By Mr. Jordan of Alameda, with 521 names; by Mr. May, with 900 names; by Mr. Hunt, with 2239 names; by Mr. Ashe, with 460 names.

On motion of Mr. Hatt the Committee on Salaries was instructed to present a list of all attachés of the Assembly, together with the character of the work each performed.

SAN FRANCISCO.

Another Murder—Notes from the Coast Metropolis.

SAN FRANCISCO, July 26.—John T. Collins was killed yesterday afternoon by Patrick Mullen. Collins, who is employed with the Domestic Sewing Machine Company, called at the house of Mullen, on Twenty-Eighth and Church streets, to collect money due on a machine purchased by Mrs. Mullen. A few minutes after his entrance into the house, he emerged, bleeding profusely from several gashes in the head. He was removed to the Receiving Hospital, where he died at a late hour. Mullen was arrested and charged with murder. He claims that the deceased endeavored forcibly to collect the bill from his wife, drawing a pistol, when he interfered and stabbed Collins. This story is not credited, as Collins was known to be a quiet man. At the time of arrest an attempt was made by an angry crowd to lynch the murderer, which the police, however, frustrated. The deceased leaves a widowed mother, of whom he was an only support.

AN APPEAL TO MORRISON.

Governor Stoneman and Mayor Bartlett have each sent a dispatch to Congressman William R. Morrison, requesting him if the sweet wine amendment to the fractional gallon bill passes the Senate, to do all in his power to secure its passage in the House before the adjournment of the present Congress.

SMUGGLED OPIUM.

Collector Hager received information on Saturday, that a quantity of smuggled opium was secreted in the engine room of the steamer Belgic. A watch was placed on the vessel until this morning, when a thorough search resulted in the capture of 150 pounds of opium, valued at about $2000.

AN IMMENSE ENTERPRISE.

The Anglo-Pacific Steel Company has been formed in this city. Steel articles of all shapes and in all forms will be turned out, and it is expected that when completed the enterprise will rival any of similar character in the United States. It is expected that the works will be in operation in six months.

CHARGES DISMISSED.

The charges of cruelty to sailors against Capt. Connors and Mate F. D. Pennington, of the steamer Starbuck, were heard this morning before the United States Commissioner, and dismissed, the Commissioner holding that charges were not substantiated.

RAILWAY MATTERS.

An Inspecting Tour—Southern Pacific's Extension.

SAN LUIS OBISPO, July 26.—Ex-Gov. Perkins, John L. Howard, C. J. Smith, of Portland, and Elijah Smith, President of the Transcontinental and Oregon Improvement Company, arrived from Santa Barbara last night, and left early this morning, by way of King City, for San Francisco. They have been on a tour of inspection of the proposed extension of the Pacific Coast Railway.

The surveyors on the extension of the Southern Pacific Railway are now in camp at Paso Robles Springs, having run the line from San Miguel to that point.

A Disastrous Hail Storm.

GRAFTON, Dak., July 26.—A hail storm of unexampled fury burst upon this locality Saturday afternoon, sweeping a track five miles wide, from St. Thomas across Red river into Minnesota, a distance of thirty miles. The hail stones were as large as hen's eggs. Houses at St. Andrews were riddled, hailstones tearing through the shingles and breaking sash as well as glass. Several persons were severely injured and one boy is missing. The damage to crops and otherwise is estimated at half a million dollars. Many farmers are left entirely destitute.

California's Wine Crop.

SAN FRANCISCO, July 26.—According to information received at headquarters of the State Viticultural Commission in this city, to-day, it was learned that the previously estimated wine crop of 25,000,000 gallons will not be reached. The latest estimate, based on advices from all parts of the State, shows that this year's wine crop will not amount to much over 16,000,000 gallons. This great decrease has been caused by a disease called "coulure." Too present year's crop will be greatly in excess of that of 1885, and, after deductions for home consumption, will leave 10,000,000 gallons for exportation.

Death of Boss Thompson.

NEW YORK, July 26.—Hubert O. Thompson, leader of the County Democracy, died here to-day.

MEXICAN MADNESS.

The Sister Republic Threatens to Fight

ON ACCOUNT OF THE CUTTING CASE.

The Mexican Consul at El Paso Declares War Inevitable—The Washington People Apathetic.

Associated Press Dispatches to The Times.

DENVER, July 26.—Consul Brigham has received no official advices or instructions about the pending international troubles to-day, and probably will not for a day or two, as the correspondence between the two governments is carried on directly between Washington and the City of Mexico. Therefore the exact status of the question is at present not known here. Paso del Norte continues full of Mexican troops. The higher portions of the city are plainly visible from the American side, and a number of troops can be seen busy at something or other on the elevation back of the historic cathedral which American visitors to Paso del Norte always go to see. It is thought that they are throwing up earthworks, for which that spot would be peculiarly adapted. The commander of the Mexican post is a Colonel who achieved quite a reputation in the war against Maximillian, and he is a man of letters and a poet. He is, however, by this time probably outranked by a commander of higher grade in the army.

AMERICANS INSULTED.

In a few instances, Americans who venture there are scowled at, and often they are summarily searched for weapons. If found they are taken away from them. The feeling among the Mexican masses is very bitter against Americans. They are quite defiant and say it will be an easy matter for their country to whip the United States. They have somehow brought themselves to believe that the firing of the first gun would be a signal for the Southern States to come to their assistance to revenge themselves upon the Northern States for the disastrous outcome of the great civil war. They likewise feel convinced that England would at once take their part and blockade the Atlantic and gulf ports of the United States.

"WAR CANNOT BE AVERTED."

Señor Escabor, Mexican Consul at El Paso, says that unless one country or the other backs down war cannot be averted, and he added: "Mexico will never comply with the demand that has been made. If it comes to that, you may be sure that Mexico will accept war first." He is pretty apt to speak by authority, for he is known to have heretofore reflected the sentiments of his government.

The Chief Justice of the State of Chihuahua, Señor F. N. Romos, has arrived at Paso del Norte, ostensibly for the purpose of looking into the Cutting matter.

Señor Reacou, private secretary of the Governor of Chihuahua, to-day published a contradiction of the report that made him state to Consul Bingham that no more troops would be sent to Paso del Norte. He says he is in no position to know what movements the General of the Mexican troops will make.

HOSTILE TONE OF THE PRESS.

The Mexican press, intensely patriotic and belligerent, wants their government to listen to no negotiations whatever. The Mexican paper published at Paso del Norte, the Observador Fronteriza, says: "Do you Americans believe that because you belong to a populous nation you will cause our weaker nation to vacillate? Never think so. Do you think that by noise and hurrahs you can scare our authorities? Never believe it. Never let it enter your mind. You can never impose upon the sons of a warlike and valiant nation."

REVOLUTIONARY RUMORS.

GALVESTON, July 26.—A special from Eagle Pass, Tex., to the News says: Revolutionary manifestoes are being distributed throughout the State of Tamaulapan, Coahuila and Nuevo Leon signed by Francisco T. Casco calling upon his friends to arise, arm themselves and fight the Diaz government, which is trampling upon the rights of the people and press. The circular says that a decree has lately been promulgated, giving the Alcaldes throughout the various States unusual powers over the rights of persons and property, in violation of the Constitution of 1857, which Caso calls upon the people so uphold.

The outcome of the Cutting case is being watched very closely by the people along the border here, who think the Government has been very remiss in protecting the rights and liberties of American citizens in Mexico, and hope that this affair will establish a precedent for aggressive measures hereafter on the part of the United States Government.

THE WASHINGTON AUTHORITIES APATHETIC.

WASHINGTON, July 26.—It is stated at the War Department that no United States troops had been ordered to Fort Bliss, in anticipation of trouble at Paso del Norte, arising from the reported refusal of the Mexican authorities to release Editor Cutting. It is stated further that the concentration of Mexican troops at that place does not in itself signify a probable rupture of the present peaceful relations with this country, but is more likely a strategic movement against the revolutionary parties in Mexico.

A REPORTED SETTLEMENT.

ST. LOUIS, July 26.—The Globe-Democrat states that the trouble growing out of the Medina-Cutting affair at Paso del Norte has undoubtedly been amicably settled; also that the Supreme Judge of Chihuahua has ordered the arrest and confinement of Editor Medina, and the liberation of Editor Cutting.

A Big Purchase.

TUCSON, A. T., July 26.—Negotiations were completed here to-day for the purchase by New York and California capitalists of vast range interests in the southern part of Pima county, near Arivaca. The parties interested decline at present to make known any of the details of the transaction, but it is learned from reliable sources that the purchasers propose to stock a range with 16,000 head of cattle, which, with the purchase of the property in question, will involve an immediate outlay of $400,000.

Suicide at Merced.

MERCED, Cal., July 26.—A man came to town on Saturday, and registered at the Tuolumne Hotel as E. B. Trainor, of Calistoga. He stayed around the hotel all day yesterday, but to-day did not come to his meals. About 2 o'clock a search was made for him. He was found in his room, with his throat cut from ear to ear, but was not dead. He took two ounces of laudanum last night, and then about four hours afterward cut his throat. Despondency is believed to be the cause of the rash act.

Suicide of a Veteran.

NEW YORK, July 26.—Gen. James H. Van Alen jumped overboard from the steamer Cambria on July 22d, and was lost. He left New York for England a short time ago. While in England he received a telegram announcing the serious illness of his only son. The General, who was 70 years old, was greatly affected by the news, and decided to return at once. All went well until Thursday last, when the General was missing. A search developed the fact that he had carefully dressed himself and jumped over the stern of the boat.

Fast Time by Maud S.

NEW YORK, July 26.—A week ago Maud S. trotted a quarter of a mile in 31¼ seconds, a 2:06 gait. Yesterday she made a quarter in 30½ seconds, a 2:02 gait. Bonner expects to lower her mile record of 2:08¾.

THE GRAND ARMY.

Thousands of Veterans on Their Way Across the Continent.

SAN FRANCISCO, July 26.—The movement of the Grand Army across the continent is attracting the attention of the people along all the great arteries of travel, and from the size and number of the bodies of delegates already noted as being on their way, the attendance will be even larger than was expected. From Ohio there are about six hundred on their way here. Among these are ex-President Hayes and ex-Commander-in-Chief John Kounts. The New York delegation, which left Omaha last night on a special train, numbers seven hundred. The Massachusetts delegation occupies five excursion cars. Accompanying this party are Mrs. Sarah E. Fuller, of Boston, President of the Woman's Relief Corps; Mrs. L. E. Turner, National Treasurer; Elinor B. Wheeler, National Secretary; Mrs. E. Florence Barker, First President and Municipal Organizer, with a number of lady delegates. There are also delegations from Maine, Connecticut and Rhode Island. The delegations of the different States have adopted special and significant badges for the trip. The Boston men wear bean pods, the New Hampshire badge is a block of granite, that of Rhode Island a clam, Connecticut a wooden nutmeg, Vermont a cedar sprig, and that of Maine a pine cone. Yesterday morning Commander-in-Chief Burdette, accompanied by Adjutant General Cameron, Pension Commissioner Black, Congressman Grosvenor, of Ohio, and about 150 veterans belonging to the Department of the Potomac, left Washington city in a special train for San Francisco.

G. A. R.

Preparations Bipeing to Entertain Our Veteran Visitors.

The General Committee met yesterday afternoon. H. V. Van Dusen, Assistant Secretary, will be at the hall every day. Sub-committees were appointed as follows: On Decoration, E. L. Stern, J. Harry Conlan, Frank Marsh, J. C. Oliver and T. D. Romans; Care of Hall, I. B. Dunkelberger, E. A. Weed, H. V. Van Dusen, George E. Gard, A. H. Denker; On Entertainment, George H. Bonebrake, H. H. Boyce, S. D. Savage, D. W. Field, L. S. Butler; On Press and Printing, H. G. Otis, H. Z. Osborne, J. D. Lynch, C. C. Davis, E. A. Weed; To Secure Supplies from Anaheim, Ivar A. Weid, F. W. Tyler. Hon. W. F. Fitzgerald and C. H. Waite were added to the General Committee. I. B. Dunkelberger and wife, E. A. Weed and wife, J. F. Walker, G. E. Gard, G. H. Bonebrake, L. S. Butler, S. D. Savage and R. W. Hammet were appointed a committee to go out and meet the on-coming veterans at Barstow, taking along a carload of fruit and refreshments. They will start to-morrow morning, and will be accompanied by a delegate from each State Association. The C. S. B. B. —through Ticket Agent C. T. Parsons and General Manager H. B. Wilkins—liberally give free transportation to the committee and its supplies; for which the committee has tendered its hearty thanks.

All the wineries and wholesale fruit and wine dealers in the city are to be visited to-day by a committee to receive such contributions of supplies as they are ready to donate for the headquarters of the Southern California Brigade in San Francisco, and to be taken to Barstow to-morrow. Supplies for Barstow are to be sent to the office of Hammel & Denker, 15 Requena street, and for San Francisco to the freight depot of the S. P. R. R.

Mayor Spence was requested to tender the G. A. R. the freedom of the city of Los Angeles on the 16th of August, and designate that as "Los Angeles Day."

By resolution, the citizens are requested to decorate their houses and places of business at once.

The committee will meet at 4 this afternoon. A dispatch received last night states that thirty carloads of veterans leave Albuquerque this morning, followed by as many more to-morrow, though it was not known how many of them are coming to Los Angeles. This will bring them in to-morrow and Thursday nights. All will be seen at Barstow, whether they go north or come south.

THE LADIES.

The ladies had a largely attended meeting at headquarters yesterday, and finished the appointment of sub-committees. They are now thoroughly organized as follows:

President, Mrs. Ira More; Vice Presidents, Mrs. I. B. Dunkelberger, Mrs. L. Roth, Mrs. C. Spencer, Mrs. Dr. Bird, Miss F. Dunham, Mrs. Severance, Mrs. D. Stevens, Mrs. Blanchard, Mrs. Ducommun, Mrs. Pomeroy, Mrs. Milner; Secretary, Mrs. Dr. Wilder: Treasurer, Mrs. H. Newmark.

GENS. SHERMAN AND LOGAN.

A letter from Gen. E. Bouton states that Gen. Sherman will be unable to visit Los Angeles this time, as he leaves San Francisco, August 9, for Seattle, and has to be at Rockford, Ill., at the reunion of the Army of the Tennessee, Sept. 15. He promises to make Los Angeles a visit later. An effort is making, with prospects of success, to bring Gen. Logan and Senator Oglesby down here after the Encampment. Gen. Bouton says the excursions down from San Francisco will be enormous.

GIVE US SMELTERS.

An Industry Needed in Southern California.

"We need smelting works in this place," said Messrs. Harper & Reynolds, of the Harper & Reynolds Company, to a TIMES reporter the other day: "It would be a safe and paying investment. A vast quantity of lead is consumed in this section. Our own firm uses one and two tons of pig lead every month, not to mention lead pipe and sheet lead; and there are all the other plumbing establishments to consider. It doesn't seem right that all our ores should be shipped to San Francisco and Colorado to be smelted, and then the lead shipped back here. But that is the way it is now. We have to get our lead from San Francisco or the East. We have just ordered a carload from St. Louis—present freight rates making it cheaper for us to ship from St. Louis than from San Francisco. A smelter located here would not only have an immense home market, but could supply Arizona and parts of New Mexico and Mexico. It would be a good thing for the owners and for the city. Lead could be made as cheaply here as in San Francisco."

FOREIGN.

Salisbury as Prime Minister of England.

THREATENED COUP D'ETAT IN FRANCE.

Serious Riots at Amsterdam—Cyrus W. Too Much for James Gordon Bennett—Foreign Notes.

Associated Press Dispatches to The Times.

LONDON, July 26.—Salisbury arrived at noon to-day in London from Osborne, where he went to receive the Queen's commands to form a government. Salisbury, while at Osborne, performed the ceremony of kissing the hand of the Queen, and was appointed her Prime Minister.

A Queen's messenger arrived at Devonshire House yesterday, bringing a special dispatch from the Queen to Lord Hartington, who afterward held a consultation with the Earl of Derby. Lord Salisbury has asked Lord Hartington and the Earl of Derby to meet him. There is intense excitement in the clubs over the prospect of royal interference in the cause of a coalition ministry.

The Times says it believes that the Marquis of Salisbury offered to serve under Lord Hartington as Premier, if the latter would assume the work of forming a coalition government.

Lord Salisbury has convened a meeting of Conservative members of the House of Commons at the Carlton Club to-morrow, and Lord Cadogan will probably be selected as Secretary for the Colonies in the new cabinet.

FIELD VS. BENNETT.

In the libel suit of Cyrus W. Field against James Gordon Bennett, the plaintiff to-day was awarded $25,000 damages. The defendant was also condemned to pay all the costs of the suit.

Michael Davitt starts for New York Thursday, to make a lecturing tour of the United States.

John Ruskin's health has changed for the worse.

FRANCE.

An Ugly Political Rumor—The Panama Canal Scheme Attacked.

NEW YORK, July 26.—The Herald's special says General Boulanger is plotting a coup d' etat. Figaro has no doubt of it. In a sensational article by M. Lavedan Figaro, to-day, warns the country to prepare for a pronunciamento, and gives minute details as to the General's object.

ASSAILING THE PANAMA SCHEME.

PARIS, July 26.—A violent, anonymous attack has been made here on the Panama canal enterprise. The attack is made in a pamphlet, strongly written, and containing seventy pages. The title is "Engineers' Letters on the Panama Canal." The cover bears the imprint of a sarcophagus and the work is dedicated "To the victims of the Panama craze." The pamphlet describes the mortality among the workmen employed in making the canal, describes in anecdotal form the state of things on the Isthmus, tells of the heedless squandering of French public money, and in conclusion states that of twenty-one sections of the canal, only five are yet in anything like an advanced state of construction.

WASHINGTON.

Hearst Again Talks—The Case of Editor Cutting.

WASHINGTON, July 26.—In an interview yesterday Senator Hearst said: "I see some of the San Francisco papers are in error as to how my interests are affected by the irrigation laws. I would be benefited by them to the same extent as any other citizen of California, by the increased prosperity of the State, and no more, for I am not interested directly or indirectly, in any scheme of irrigation by appropriation. I knew nothing of the call for the extra session until I saw the press announcement. I neither urged, advised nor suggested the extra session to the Governor, nor any one else, nor did any one do so for me."

THE CUTTING CASE.

In the House to-day, Mr. King, of Louisiana, offered a resolution which was referred to the Committee on Foreign Affairs, requesting the President to communicate to the House information concerning the alleged detention of A. K. Cutting, an American citizen, by the Mexican authorities at Paso del Norte, and also whether an additional force of United States troops has been ordered to Fort Bliss.

A similar resolution was offered in the Senate.

THE TEMPERANCE BILL.

In the Senate, Mr. Blair, from the Committee on Education and Labor, to-day, submitted a favorable report from the majority of the committee for the joint resolution proposing that an amendment to the Constitution in relation to alcoholic liquors and other poisonous beverages, be submitted to the Legislatures of the States for ratification. The amendment provides that from and after the year 1900 the manufacture and sale and importation of distilled alcoholic intoxicating liquors, except for medicinal, mechanical, chemical and scientific purposes, and for use in the arts, shall cease.

SUNDAY RIOTS.

Serious Trouble at Amsterdam—Rioters Shot by Police.

AMSTERDAM, July 26.—Serious conflicts took place here yesterday between the populace and police and troops arising from the prohibition of the popular game on Sunday. The disorders were continued to-night, when the troops fired into the crowd. The rioters are erecting barriers. It is reported that a number have been killed, and many wounded. The Socialists are fomenting disorders. The prohibited game is the killing of eels attached to a cord over the canal, a degrading pastime popular among the lower classes.

AMSTERDAM, July 26.—Eighteen policemen were wounded. Twenty-eight persons have been arrested, including two Socialists.

Explosion at Armour's Works.

CHICAGO, July 26.—A terrible explosion occurred in Armour's oleomargarine factory yesterday. A large tank, one of six situated in the factory adjoining the packing house on Third street and Packers avenue, became overcharged with steam and exploded with frightful force, sending its boiling contents over four men, while two others, at thirty yards distance, were injured by flying debris.

Connell's Story Denied.

INDIANAPOLIS, Ind., July 26.—Julius R. Fredericks, a member of the Arctic expedition, was shown the startling statement made by Maurice Connell, at San Francisco. These statements Fredericks denounced as almost entirely false. He added: "I consider the motive of his statement due to anger at his failure to get promoted."

Drowned.

ANTIOCH, Cal., July 26.—Miss Lottie Cutter and James Woods were drowned yesterday at Pittsburg Landing, about three miles below Antioch, while bathing. Miss Cutter waded into deep water, and being unable to swim, called for help, when Woods went to her assistance. In endeavoring to aid her both sank and were drowned. The body of Miss Cutter was recovered.

CHAUTAUQUA ASSEMBLY.

The Closing Exercises—A Liberal Endowment.

The Third Annual Chautauqua Assembly of Southern California concluded at Long Beach, yesterday, after a very successful and well attended session. The graduating class numbers 12, of whom there were present: Mrs. Anna B. Geddings, Miss Ada Galloway, Mrs. Geo. M. Smith, Miss Jessie Washburn, Mrs. Bartlett, Mrs. Chandler, Mrs. S. A. The Veterans Are Coming!

Stirring news reaches us from the great plains to the eastward, where the "Middle Route" makes its iron way towards the Pacific. "Thirty car-loads of the Grand Army on the way at Albuquerque, and thirty more to follow," were the terse tidings brought yesterday by telegraph to Los Angeles, where comrades and citizens are busy making preparations for the reception and entertainment of the coming veterans.

These are the first waves of that mighty human sea which is rolling towards this western shore. These men who are coming to visit us of the Pacific Slope represent that mighty army which defended and saved the imperiled Republic twenty years ago. They bore aloft and carried to victory that glorious banner which is everywhere the accepted emblem of the free.

They and their comrades, living and dead, preserved the people of these United States from the untold evils of a dissevered nation; by their swords they saved the Republic and restored the Union.

These soldier-citizens who are coming amongst us have earned, thrice earned, the undying gratitude of their countrymen. They won imperishable renown on the battlefields of the Republic, and with their good swords carved their names high on the scroll of fame.

In their own persons—some battered and maimed, some bent with age or disease—they are living examples of an army which exhibited the loftiest patriotism, the most magnificent courage, the sublimest endurance under great trial, that were ever shown by armed men in any country or age.

They were of that mighty host whose individual members went forth from their homes to fight, and, if need be, to die, that the American Union might live and freedom not perish from the face of the earth.

Thousands of that noble army did die, and thousands more were maimed in the mighty conflict waged for the preservation of the country they loved and we enjoy.

The dead have our tears; the living have earned our cheers and our profoundest love.

The survivors of the War for the Union represent armies larger than any of modern times; they were actors on a theater of war more extended than any since that dim and distant period when all Europe and Asia made well-nigh one continuous battlefield.

Among these soldiers of Grant, Sherman and Sheridan, of Thomas, Meade and Hancock; of Farragut and Foote, are men who, perhaps, represent every important battlefield of the long and bloody war, from the first Bull Run to Appomatox—from the mountains to the sea—from '61 to '65.

Here will be found men who stood on the historic fields of Manassas, of Donelson and Shiloh, of the Peninsula and Antietam, of the Seven Days' Battles and the Second Bull Run, of Fredericksburg and the Wilderness, of Opequan and Cedar Creek, of Petersburg and Five Forks, of Richmond and a hundred other conflicts by land and sea, where honor, courage, and endurance were shown and blood spilled in the sacred cause of Union and Liberty, patriotism and the Nation's perpetuity.

California gives welcome, cordial welcome, to these gray and grizzled battalions now remarshaling on her soil. She is proud of the honor they do her in coming within her borders in response to the "Assembly" call sounded from the headquarters of the Grand Army of the Republic.

These men are no longer young; the tracks of time are showing upon their brows; the years have whitened their locks; age has slowed their once springy steps and perhaps made halting their once swinging gait. But for all that, they will be boys again when they come together after so many years. Their hearts are young, their spirits bright, their patriotism perennial, and we of California, whose guests these veterans are, mean that the old boys shall have a great big, glorious time here on this distant coast.

California is not in the habit of doing things by halves. She was, it is true, far removed from the scene of the great conflict; but she was not unmindful of it. She responded nobly to the calls of patriotism, and poured out the treasures of her mines and mills for the good cause. She furnished the sinews of war in lavish abundance, more than proportioned to her thin population. The Gridley sack of flour, with its unexampled yield in gold coin, was an example of the patriotism of our people. A continuous stream was poured by California into the coffers of the Sanitary Commission throughout the continuance of the war.

So let Californians meet the visiting veterans in that spirit which hosts and guests feel in common. Let them together rekindle the fires of patriotism, sing again together the old battle songs, fight together, in memory, the old battles o'er again. Let us all keep green the glorious recollections of the war, and marshal on the fields of memory the shadowy battalions gone before.

We will tell again and again the ever thrilling story to our children, that they may learn what it cost to save the Nation and preserve as a priceless heritage our free institutions.

Veterans' day in Los Angeles will be nothing less than a glorious day. We do not need to enjoin our comrades and patriotic fellow-citizens to see to it that the entertainment of the visiting veterans in this city is ample, generous and free. They will not, we are sure, fail in any of the requirements of hospitality. They could not be true to themselves if they were untrue to our guests.

We believe the men of the Grand Army will go away from Los Angeles, and from California, with pleasant memories of this land and people, and that very many of them will some time return to make here their homes, and go gently down the last grade in life under the tender skies of Sun-Land.

Again we give you welcome, comrades, soldiers and gentlemen, with your wives and sweethearts! Welcome to the Pacific shore

EX PARTE BELL.

Horace's Habeas Corpus Cases are Decided.

JUDGE BRUNSON'S DECISION IN FULL.

Let Go on the $400 for Porcupine Publications. But Must Pay $300 for Insolence in Court.

Much interest has been felt in the result of the habeas corpus cases of Horace Bell. Judge Brunson's able decision states the case so well that it is given in full below:

Ex parte Bell on Habeas Corpus—In the Superior Court, Los Angeles County, State of California.

On the 16th of April, 1886, petitioner sued out a writ of habeas corpus, upon a verified petition, alleging that he was illegally restrained of his liberty by the Sheriff of this county, under three several orders or judgments of conviction made and rendered against him in Department One of this Court, for three separate alleged contempts committed in the immediate view and presence of the Court; and on the 19th of the same month he sued out a second writ, alleging an illegal imprisonment under and upon a judgment of the same Court adjudging the petitioner guilty of a contempt by reason of certain publications made by him in the Porcupine, and not in the Court's immediate view and presence.

Upon his being brought up before me on these several writs, I, in each instance, admitted him to bail, pending their final determination. In making these orders for bail, I followed the precedent established by the Supreme Court at its April session, 1886, upon like proceedings, at the instance of the same petitioner. Without such precedent, I find no authority for such orders.

Both cases have been delayed beyond a reasonable time for their determination, first, upon the understanding of all parties that the matters involved should, without delay, be submitted to the Supreme Court for final adjudication; using the writs sued out here only to obtain bail and avoid imprisonment until the necessary petitions could be prepared and presented to that court, whereupon, by consent, formal orders dismissing my writs were to be made, and the proper writs were to issue from the Supreme Court. After much delay, and for reasons unknown to me, this line of procedure was abandoned, and I was asked to determine the cases upon their merits. Then followed continuances by consent, and delays by reason of engagements of attorneys and parties in other courts, until July 8th, when, by peremptory order, the cases came on for hearing.

The poverty of brief and legal authorities presented at the argument was both marked and regretted. The questions involved should have stimulated all parties concerned, to a full examination and liberal citation of the authorities, in lieu of which, I am furnished with references to half a dozen sections of our Code and number of the reports of our State, and to volume five of some criminal law magazine, published in Jersey City. If I have failed in arriving at the true solution of the questions involved, I shall feel justified in dividing the responsibility of my failure with those whose duty it was to furnish lights for my pathway.

The hearing on the first writ was had before me without any testimony or evidence, oral or written, other than the returns made by the sheriff to this writ, which returns simply set forth the fact of imprisonment, the bail after the writ, and the three several judgments or commitments issued from Department One of this court, and by virtue of which the petitioner was held. None of the facts or matters set forth in this return were denied or controverted. There was no traverse of the return, nor did the petitioner, by answer or evidence, allege or show any reason for his discharge, excepting the alleged insufficiency of the judgments, and the contention was that, upon their face, they showed a want of jurisdiction in the court making them, and an absence of facts necessary in law to constitute any offense. The words spoken in open court, and adjudged contemptuous, were admitted, and no circumstances of palliation or excuse were presented in such manner as to entitle them to consideration. Counsel argued that the words complained of were spoken in the heat of legal argument, but the untraversed judgment and return show no heat, and argument before me cannot be substituted for issues and proofs.

This being the case, there are but three questions presented for my determination, all of which are to be determined from an inspection of the several judgments of conviction and the warrants of imprisonment issued thereon.

First—Did the Court rendering these judgments have jurisdiction of the subject matter of the alleged offense, and of the party defendant therein?

Second—The validity of those judgments and commitments upon their face?

Third—Do those several judgments, set forth in the return, show the commission of any offense known to our law as "contempt of court?"

I am aware that the third question in this classification is not always given by our Supreme Court when discussing the functions of the writ of habeas corpus. Thus, in ex parte McCullough, 35 Cal., 97, that Court says the investigation does not extend beyond an inquiry into the jurisdiction of the Court and the validity of the process upon its face." See also Ex-parte Cohn, 55 Cal., 193. Evidently the existence or non-existence of any offense is there considered as embraced in the question of jurisdiction, but I prefer to make the distinction in this particular offense, for several reasons, and among them:

First—While each court is made a judge of its own contempts, and from its judgments there is no appeal, yet the statute requires "*the facts* as occurring," and by the court held to be contemptuous, to be fully set forth in the order of conviction. In no other crime need such facts be recited. This requirement is for the protection of both court and accused, to furnish a record for the one, from which it will appear that the action of the court was fully justified, or for the other, that it was arbitrary, unmerited and vindictive. If the former, the judgment must be satisfied, and if the latter, the writ of habeas corpus or executive interposition apparently furnish the only remedies.

Second—The crime of 'contempt of court" is so indefinite, and is frequently made to depend so largely upon the temper, caprice, habits, tastes, mental condition, stoicism or nervous temperament of the presiding judge, that, from necessity, it has become the settled doctrine that, while a Court is its own judge of contempts committed in its presence or against it, and that without review on appeal, yet, for such Court to adjudge any act a contempt which does not happen to meet with the approval of the presiding judge, does not, of necessity, make it so. In other words, the record must show such a state of facts as by statute is declared a contempt, or as is held to be such by the common law, or by the law of necessity for the preservation of the life and usefulness of the Court, as one of the three constitutional component parts of the government. Therefore, in the examination, on habeas corpus, of a judgment for contempt, it follows that the facts constituting the alleged contempt, standing in lieu of the evidence given on the trial of any other offense, and in this particular, unlike every other crime, must be fully before and considered by the Court or Judge. The question of crime or no crime is, from the very necessity of the case, one of the questions presented for my decision.

In the three judgments of conviction returned to the first writ, the contempts, if any, were committed by the in the immediate view petitioner and presence of the Court. The jurisdiction of the Court over the person of the petitioner and the subject matter of his actions, sayings and conduct, if they constitute an offense justifying these convictions, cannot be questioned. In such case the statute says the offense may be punished summarily, and for that purpose "an order must be made reciting the facts as occurring in such immediate view and presence, adjudging that the person proceeded against is thereby guilty of a contempt and that he be punished" as therein prescribed. Section 1211, C. C. P.

These three several orders or judgments of conviction fully comply with these statutory requirements. They show the presence of the petitioner in open court; they fully recite the facts which consist of the objectionable language used by him on each several occasion; they adjudge him guilty of contempt therefor, and prescribe the punishment. In form, these orders and each of them, as also the warrants of commitment issued upon each several order, fully satisfy all the requirements of the statute in such case made and provided. With reference to the punishment adjudged by the Court in each of these several orders of conviction, it is only necessary for me to say that each is within the statutory limitation, and whether the amounts, singly or in the aggregate, were or are burdensome or politic, or such as I or some other judge might or probably would have imposed under the same or like circumstances, are questions which I cannot consider in the proceedings. The extent of the punishment, within the statutory limit, is vested exclusively in the Court or Judge pronouncing the sentence, and is not subject to modification, increase or reduction by any other person or tribunal, except it be through the pardoning power of the Governor. Nor with the policy of these convictions have I anything to do. Each Court and Judge must, within the law, act for itself, and for me, in this proceeding, to criticise, condemn or commend the acts of a coordinate officer in the exercise of a statutory discretion, would neither be courteous, dignified nor decent.

In the first case, where a contempt was adjudged and a punishment imposed, petitioner, in the presence of the Court, and when commenting upon the failure to prosecute certain other parties for publishing the "Gregory deposition," used to and toward the Court, this language, as recited by the Court in its order, entered upon its records: "Cringing writers are never cited to answer for contempts. Why was not the writer of this—the publisher of this article—punished for contempt—cited to appear?" The petitioner in his amended petition gives the same idea or thought, though expressed in slightly different language. "Why was he not brought up for contempt? Yes, why? Why was he not cited to appear? But such cringing fellows are never cited to appear."

This language, as charged and as admitted, is an arraignment of the Court for its partiality—an accusation of sheltering him who cringes and punishing him who is no more guilty but is outspoken. It says the man who fawns at the feet of the court and licks the hand of the judge is thereby reserved from punishment, whatever may be his conduct. The court never cites the sycophant to appear, because it is soothed into inaction by his blandishments. To argue before me that such language is not contemptuous is a waste of both words and time.

In the second case, after having been already fined by the court, he continues his argument that nothing which he has done theretofore had interfered with the proceedings of the court, nor has it "prevented it (the court) from imposing fines for imaginary contempts." The language itself is contemptuous, not alone in the sense of being in contempt of court, but it contains a sneer at its judgment, a derision of the act, and calls it an "*imaginary* contempt." It is a protest against

COUNCIL.

What the Municipal Solons Accomplished Yesterday.

Council met at 2 p. m., President Sinsabaugh in the chair; absent, Biscailuz, Holbrook and Santee.

Minutes read and approved, after which President Sinsabaugh left the chair, and Councilman Kuhrts presided.

REPORTS OF CITY OFFICERS.

The Board of Fire Commissioners recommend the purchase of a 2000-pound bell and a span of horses. Referred to Committee on Fire and Water.

Superintendent of Streets, with pay-roll of $464; Zanjero, with pay-roll of $89.50; Board of Education, monthly report, showing a balance of $38,515 93; City Auditor, on condition of the funds. All to Committee on Finance.

The City Attorney presented an ordinance regulating the use of streets. Adopted.

The City Attorney presented draft of contract with W. T. Williams, to assist in the litigation for the opening of Los Angeles street for $1000. Approved.

Committee on sewers reported a pay-roll for $44. Referred to Finance Committee.

THE M'KOON FRANCHISE.

The draft of M. G. McKoon's ordinance to grant a franchise for a street railway was opposed by Dr. Sinsabaugh, on the ground that the completion of the same was placed at fifteen months. He would object to the ordinance on the further ground that one-horse cars constituted cruelty to animals, and should not be allowed. The ordinance was laid over for one week, and ordered amended to read that the work be commenced and completed for a distance of not less than 1,800 feet, or three blocks, within three months; also, that the cars be drawn by no less than two horses. The question of the bond was referred to the City Attorney.

THE BOARD OF PUBLIC WORKS

Presented the assessment list on Charity street real estate. Adopted.

Recommend that the present Eleventh street, from Sentous street, west to the jog in Eleventh street, be vacated, and deed for Eleventh street be accepted. Ordered that City Attorney draft an ordinance and the deed be accepted.

That City Surveyor define alley between Hill and Olive. So ordered.

That City Surveyor make estimate before contract to grade intersection of Figueroa and Second streets is let. So ordered.

That petition of C. N. Wilson be denied until owners on Fort street, between Temple and Rock streets, decide on a grade they will accept. So ordered.

That petition of Wm. Young for culvert on Chicago avenue be granted when contract for grading street is let. So ordered.

That City Surveyor present plans and estimate of costs for taking care of storm waters at Beaudry and Temple streets. So ordered.

That petitions of Wm. Lacy and Wm Bowland and Los Angeles Oil Burning Company be returned to Council for action. Referred back to Board of Public Works.

That E. C. Burlingame grade the intersection of Cincinnati and Temple streets, 60 feet on Temple, at $2.70 per lineal foot, and grade north half of the Victor street intersection with Temple street, 60 feet, at $1.35 per foot. So ordered.

That the city contract with the Mineral Rock Asphalt Company to pave intersections of Market and Spring streets, of Market and Main, and the intersection of Temple street, at 25 cents per square foot, the work to be of the same character as around Temple Block, and that City Attorney draft contract. So ordered.

That the Superintendent of Streets place Main street, from First street to Fourth street, in a safe condition, and that he properly repair Main street where it has been graded between Fourth and Washington streets. So ordered.

That notice of intention to change established grade on Centennial avenue be published. So ordered.

The street pavement in front of the City Hall property on Spring street, now in use for the last two months, was ordered cleaned.

FINANCE COMMITTEE.

The Committee on Finance recommend that report of City Auditor for July 19 be filed. So ordered.

That City Treasurer be authorized to transfer $5000 from salary fund to account of fire department fund. So ordered.

That policy of Phœnix Insurance Company be accepted. So ordered.

COMMITTEE ON PARKS

recommended that all bids for furnishing and laying down water supply pipe for Sixth Street Park, and for doing plumbing in the Plaza Park be rejected, and the clerk directed to re-advertise for bids. So ordered.

That the Superintendent of Streets be authorized to erect a greenhouse in East Los Angeles Park, according to plan submitted by landscape gardner Legrand, at a cost not to exceed $300, to propagate trees and plants required for the several city parks. So ordered.

A committee was appointed to receive proposals for certificates of title to property needed for the opening of Main street, consisting of Messrs. Stearns, Breed and Shirley.

COMMITTEE ON LAND.

The Committee on Lands recommended that a deed be granted to D. M. Meyers, for lands on east side of Los Angeles. So ordered.

That a strip of land be granted Wm. Holgate, on condition that he construct a levee. So ordered.

That a deed be executed to J. H. Byram for 11.65 acres of land. So ordered.

That petition for city deed of M. Douillard be deferred until lines of Kurtz street are defined. So ordered.

The Committee on Building recommended that the Clerk re-advertise for bids for brick work for the City Hall until August 9th. So ordered.

COMMITTEE ON ZANJAS

Recommended:

First—That the zanja be removed from Ingraham street to Orange street as soon as the latter is graded, the city to pay one-half of the expense of piping the same and the property-owners the other half. So ordered.

Second—That it will not be practicable to enlarge zanja No. 3 until after the irrigating season. Approved.

Third—That the City Surveyor submit plans for a dam at the mouth of the tunnel, and that the Council at its next meeting, on Thursday evening, take into consideration the matter of constructing said dam and improving the main supply ditch. So ordered.

DOWNEY AVENUE.

The special committee on reducing Downey avenue hill to established grade, recommend that the city pay $1000, provided the balance of costs be paid by interested parties, and that the Clerk advertise for bids when $3000 shall have been collected and paid into the city Treasury. So ordered.

FOR A CHARTER.

The special committee on message of the Mayor, dated June 7th, recommended that the Council appoint a committee of fifteen citizens (with names submitted) to confer with the Mayor and City Attorney for the purpose of drafting such recommendations to the Legislature as they deem desirable for the better government of this city, and that the City Clerk act as secretary of said committee. So ordered.

On motion of Mr. Kuhrtz a committee consisting of Councilmen Holbrook, Frankenfield, Goss and Kuhrtz was added to the citizens' committee.

The names of A. M. Stephens and V. Beaudry were added to the original committee of citizens.

On motion of Mr. Velsir it was ordered that the City Attorney draft an ordinance condemning a jog on Buena Vista street.

FOR THE G. A. R.

On motion of Mr. Breed it was resolved to decorate the City Hall with the United States flag during the visit of the G. A. R. people, and a committee was appointed, consisting of Messrs. FINANCE AND TRADE.

OFFICE OF THE TIMES,
LOS ANGELES, Monday, July 26,

The week opens with few changes in the local markets, and none very marked. Eggs are a little higher, and have an upward tendency. The market here is still several cents under that of San Francisco, where high prices have again caused more of a loss of an influx of Eastern Eggs. Eastern sugar-cured Hams have made a decided advance, and are quoted at 13½ @14c. Flour, for some grades, is lower. Potatoes have advanced 10 cents. Honey is also quoted a fraction higher. The remainder of the list is unchanged.

The Bradstreet Mercantile Agency reports seventeen failures in the Pacific Coast States and Territories for the week ending July 23, as compared with twelve for the previous week and ten for the corresponding week of 1885. The failures for the past week are divided among the trades as follows: Two boots and shoes, two general stores, two saloons, two stationery, one manufacturing shirts, one jeweler, one fruits, one grocer, one saddler and harness, one drugs, one millinery, one dry goods and one restaurant.

The first car of new Flax was received in Chicago July 19 from Southeastern Kansas, and being graded No. 1, sold at $1.15 per bushel on the track.

Stocks and Bonds.

By Telegraph to The Times.

NEW YORK, July 26.—Government bonds quiet.

The stock market to-day was dull and almost barren of news, and with very little life, except in Northern Pacific. The opening this morning was strong, first prices showing advance ranging from ¼ to ⅝ per cent. The market showed some activity in early trading, and slight declines were established, except in Northern Pacific, and before noon dullness reigned and prices remained dull and fairly steady until the last hour, when a decided upward turn took place, the market finally closing firm at about the best figures of the day.

"Hello! Old fellow! What have you been doing to yourself? You look like a subject for the undertaker," exclaimed the man on the right.

"I have been taking mercury and potash mixtures until they have nearly ruined me," squeaked the old man on crutches.

"And I," said the other, "have been taking the genuine Swift's Specific, which has built me up from the first dose."

Swift's Specific

Is Nature's own remedy, made from roots gathered from the forests of Georgia. The method by which it is made was obtained by a half-breed from the Creek Indians, who inhabited a certain portion of Georgia, which was commonly located to one of the early settlers, and thus the formula has been handed down to the present day. The demand has been increasing until a $100,000 laboratory is now necessary to supply the trade. A foreign demand has been created, and enlarged facilities will be necessary to meet it. This great

Order to Show Cause Why a Sale of Real Estate Should Not Be Made.

In the Superior Court of Los Angeles County, State of California.

In the matter of the estate of Patrick McHugh, deceased.

Robert Devine, the administrator, with the will annexed, of the estate of Patrick McHugh, deceased, having filed his petition herein duly verified, praying for an order of sale of the real estate of said deceased, for the purposes therein set forth, it is therefore ordered by the said Court that all persons interested in the estate of said deceased appear before said Superior Court on MONDAY, THE 30TH DAY OF AUGUST, 1886, at 10 o'clock a. m. of said day, at the courtroom of said court, at the courthouse in Los Angeles city (in Department No. 1) to show cause why an order should not be granted to the said administrator with the will annexed to sell so much of the real estate of the said deceased at private sale as shall be necessary.

And that a copy of this order be published at least four successive weeks in the Los Angeles Daily Times, a newspaper printed and published in said county of Los Angeles.

Dated July 26, 1886.

A. BRUNSON, Judge of said Court.

Summons.

In the Superior Court of the State of California, in and for the County of Los Angeles.

Henry G. Glore and Charles Glore, Minors, by E. A. Pomeroy, their Guardian, Plaintiffs,
vs.
Gordon Glore, Defendant.

Action brought in the Superior Court of the State of California, in and for the County of Los Angeles, and the Complaint filed in said county of Los Angeles, in the office of the Clerk of said Superior Court.

THE PEOPLE OF THE STATE OF California send greeting to Gordon Glore, Defendant:

You are hereby required to appear in an action brought against you by the above-named plaintiffs, in the Superior Court of the State of California, in and for the County of Los Angeles, and to answer the complaint filed therein, within ten days (exclusive of the day of service) after the service on you of this summons, if served within this county; or, if served elsewhere, within thirty days; or judgment by default will be taken against you according to the prayer of said complaint.

The said action is brought to recover of you the sum of three thousand nine hundred and twenty-five and ninety-seven one-hundredths dollars ($3925 97) due by you as the guardian of the estates of Henry G. Glore and Charles Glore for moneys of the said estate by you appropriated and misapplied while acting as such guardian in the year 1886, together with interest on the said amount since the appropriation thereof amounting now to the additional sum of $419 03, making a total of $4393, as it is alleged (the said action is brought upon your official bond as such guardian), and for cost of suit. Reference is had to complaint for particulars.

And you are hereby notified that if you fail to appear and answer the said complaint as above required, the said plaintiffs will take judgment against you for the said sum of $4393 with legal interest thereon and costs of suit.

Given under my hand and the seal of the Superior Court of the State of California, in and for the County of Los Angeles, this 21st day of June, in the year of our Lord one thousand eight hundred and eighty-six.

(SEAL.)

J. DUNSMOOR, Clerk.
By L. J. THOMPSON, Deputy.

BRIEFS.

The Orizaba sails south to-day.

Remember the County Convention at 11 a. m. to-morrow.

Geo. Snyder was yesterday admitted to practice in the Superior Court.

The Supervisors have finished their labors as a board of equalization.

The Los Angeles base ball nine will leave on Friday for a tour of the north.

A marriage license was yesterday issued to M. S. Brown and Viola B. Knowls.

The office of the Board of Inspectors of Fruit Pests is at rooms 33 and 57, Baker block.

The Santa Rosa took up, with the rest of a big load yesterday, 38 beund for the encampment.

Anna Goessele, some time ago adjudged insane, was yesterday ordered committed to Stockton.

Sol. S. Oppenheim comes up before Justice Banney to-day for assault with a deadly weapon.

Filed in the Recorder's office yesterday: 46 deeds, 17 mortgages, 12 satisfactions, 1 marriage license and 11 miscellaneous papers.

The Fire Commissioners yesterday appointed Geo. M. Hilton as extra-man of Park Hose, *vice* Jas. W. Meredith, resigned.

Many workmen are laying the second track of the Main-street and Agricultural Park Railroad down Main street from First.

City Gardener Legrand is to have a $300 hothouse at East Los Angeles Park for the purpose of raising trees and plants for the parks of the city.

G. T. Hawley has received one of the boycott circulars. He says he never employed a Chinaman, but would if he wished, in spite of the boycotters.

James Souder, who was arrested for cruelty to animals, and who tried to set fire to the Santa Ana jail, was held for trial in $1000 by Justice Banney for arson.

Council meets on Thursday night at 8 o'clock to take action on the construction of a dam at the mouth of the tunnel of the main supply ditch, and a hot time is expected.

Lyman Stewart's fine residence on Seventh street, west of Pearl, was burglarized Sunday night, *via* the back door. Nothing of value seems to have been taken.

The L. A. & S. G. V. R. B. will begin, about September 1, to reduce its running time materially. Only forty minutes will be consumed between this city and Santa Anita.

Is the motto of the Electric Railway Homestead Association, and that is why we offer those splendid, high, healthy lots on beautiful Pico Heights at the nominal price of two hundred and ninety dollars per lot.

REAL ESTATE.

Three Handsome Transfers, in Spite of Summer.

The fine A. H. Judson place, on the east side of Figueroa street between Adams and Jefferson, and comprising 17 acres, has been sold by Miller & Harriott for $40,000. The purchasers are a syndicate of which Messrs. Herriott, Day & Shafer are members. The property will be subdivided and placed on the market at once. There is a little joke in the story of the transfer. A would-be purchaser had been dickering for the place, but trying to jew down the price. He finally got an option for one hour. Toward the end of the hour he came back, and again began haggling. He stepped out for three or four minutes, and then returned, saying "I'll take it." But his hour of grace was passed; and the other parties, who were in the office waiting, had closed their bargain with a snap.

A syndicate, composed of J. Downey Harvey, W. H. Goucher, H. P. Lantz and Dr. F. P. Howard, has purchased the O. H. Bliss mansion and grounds, twenty-five and a half acres. The price paid is fifty thousand dollars, and the place will be subdivided and placed upon the market.

C. J. Richards and Edward Records have bought the superb Longstreet place, with the residence and all other improvements, for ninety thousand dollars. The tract, which comprises thirty-five acres, fronting on Figueroa, Charity and Adams streets, will at once be subdivided and placed upon the market.

ST. VINCENT DE PAUL.

Interesting Inauguration of a New Catholic Church.

Very interesting services were held Sunday afternoon at the corner of Grand avenue and Washington street. The A. O. H., Young Men's Institute and other Catholic societies, with a band, marched from St. Vincent's College, escorting Bishop O'Connell and fifteen priests. Bishop O'Connell, with impressive ceremonial, laid the corner-stone of the new Catholic church of St. Vincent de Paul. Father Harnett then preached a very powerful sermon in English and Father Peter Verdaguer one in Spanish. There were about 2000 people present, and a handsome collection was taken up.

The following was the inscription of the corner-stone:

Omnipotenti Deo. Sacrum.

FATAL CARELESSNESS.

A Boy Crushed to Death by a Rolling Log.

Eddie, the 11-year-old son of Rev. M. Wright, of Riverside, was playing in the edge of the surf, at Long Beach, yesterday afternoon, with some companions. They were sporting with a big pine log—a spile washed out from the pier some months ago—which was washing up and down the beach. Young Wright was astride it, when a breaker threw the log up on the sands, where it rolled upon the unfortunate boy and crushed his skull. He sat up, gasped, and fell back dead upon the sand.

County Convention Delegates.

The following additional returns have been received from the county primaries:

Newhall—Chris. Leaming, John F. Powell.

Sierra Madre—N. C. Carter, W. N. Monroe.

Fulton Wells—S. R. Gunn.

Cahuenga—G. L. Schmidt.

Norwalk—H. O'Dougherty, J. V. Dilley.

El Monte—J. T. Haddox, Prof. Nelson Carr, Dr. J. H. Lowry.

San Pedro—L. R. Winans, C. B. Brierly, Alexander Olsen.

Wildemar.

Graham & Collier will begin this week to erect a store at Wildemar, on the Elsinore tract. They will shortly build a $500 schoolhouse there. A lady proposes to build and furnish a $3000 hotel.

Rapid Increase.

A party on W. Pico street, nearly opposite the Electric Railway Homestead Association Tract, said this morning they were offered $25,000 for 20 acres, and two months ago $13,000 would have been hard to get for the same property. The Electric railway "did it," and will do the same for the Electric Railway Homestead Association lots.

A Really Good Investment.

Lots in Wiesendanger's City Tract, 50x125, to alley, two hundred and fifty dollars. Thirty dollars cash, twenty dollars monthly; no interest. Free ride from 23 North Spring.

You Have Your Choice

Of lots in the Electric Railway Homestead Association tract, and 110 of these lots will have houses on, ranging in value from $600 to $4,000 (one for every eleven lots), and no extra charge.

Where to Buy Lots.

Where the city improves fastest, where everybody wants to buy. In Wiesendanger's City Tract. Free ride, 23 North Spring.

Level as a Floor.

Yes, about that, "but a high "level" is where you will find the lots of the Electric Railway Homestead Association. See them.

Don't Miss This. Stop and Think!

Investment of $500 cash to bring $550 profit. Call on McCoye & Cushman, 23 North Spring.

Our Flag is Still There,

And we invite you to a free ride in our own carriages to see our splendid property. The Electric Railway Homestead Association.

Only Choice Property

Is offered by the Electric Railway Homestead Association, and we will fight it out on that line if it takes a week.

The assessment of E. L. Mayberry for improvements on 164 acres, was reduced from $15,000 to $12,500.

Adjourned until August 2, at 10 a. m.

A Word to the Doubters:

The Judson tract, seventeen acres, on Figueroa street, near Jefferson, has just been sold, unimproved, for forty thousand dollars, being at the rate of five hundred dollars a lot, back lots and all. This rate would make the Urmston lots six hundred dollars, with their beautiful improvements, and the Williamson tract lots over one thousand dollars each. The moment this sale was known a rush was made for the Williamson lots, which are in a far better location, and a mile nearer the business center, and selling for three hundred and ninety dollars, with sidewalks planked, electric lights, four handsome villa residences, streets graded and planted with trees, etc.—[Adv.

No Humbug.

A. Graff, of San Francisco, is in town to introduce his new coal-oil burner, which can be placed upon any lamp and which created a sensation in the postoffice. It is better than gas, at quarter the cost. It can be seen for a few nights at the postoffice.

A Really Good Thing.

27½ acres, city, highly improved, fit to sell in lots. $35,000; easy terms. McCoye, 23 N. Spring street.

The Reason Why

Wiesendanger's city lots are the best investment: Because lots equally well located are offered at much higher prices only by others. Free ride, 23 N. Spring.

The People's Store's Specialty To-day.

We are guided now by the principle of doing business whether it yields a return to us in profit or no during the next two months. The warm weather usually brings with it inactivity and indisposition to trade. We are trying to overcome this and keep our stores active all months of the year.

We begin by offering you to-day our yard-wide, best quality, 1400 cloth, fast-colored, printed lawns at 6c a yard. These goods are the best and finest lawns made. They retail in every store in town at 12½c and they wholesale in New York from 8¾ to 10½c. We think this offering enough to invite your inspection. When in our stores you'll find an array of goods that will interest you.

Immediately adjoining the City Centre Tract lots, recently sold to the leading business people of Los Angeles.

Williamson Tract—188 Lots

This offering of first-class lots for residences in the midst of the handsomest improvements in Los Angeles will be the last opportunity to acquire centrally located lots at the owner's price per acre. Three hundred and ninety dollars is a nominal sum, and the payments are extended over one and a half years without interest. The location is within twelve minutes of the postoffice, with two lines of street cars (the Hellman line and the Electric Motor Railway) directly to the property.

They will be all elegantly finished inside, in Eastlake style, even to the kitchens. The houses will be 24x48, parlor and chamber, with sliding doors, dining-room, large hall, spacious kitchen, bath-room and porticoes.

There are no Narrow Streets and no side lots. Every street is 60 feet wide.

The masts for the electric lights are now being erected. These masts, being four in number on the City Center and this tract, will illumine every lot and residence with a flood of light; an ornament, a necessity and a safeguard.

The success of the homesteads of the Southern California Land Company is strictly owing to the low rate at which its properties are placed before the public, and the fact that it only offers first-class city locations. This Company points with just pride to the Childs Tract, Columbia Colony, Urmston Tract and the City Center Tract, the latter immediately adjoining the present lots.

A new feature of this beautiful property will be the planting of all the streets with large ornamental shade trees. A nursery of 4500 splendid trees of large size is already on the tract ready to be set out in the fall.

Careful gardeners will be employed by the Company to take charge of them for one year.

Four Handsome Villa Residences

TO BE ERECTED

Planked Sidewalks, four feet wide, with substantial stringers, 2x4, will be placed on each side of every street.

Think of the location, Eleventh to Pico, and but two blocks from Pearl street.

The sale of this tract is on the homestead plan. The land is sold as an entirety, and delivered over to the subscribers with all the improvements of villa residences, planked sidewalks, electric lights, ornamental shade trees, etc., without further charge than the amount received in the aggregate from the subscribers, each one of whom has a vested right in the entire tract.

The meeting of the subscribers for the distribution of these lots is fixed for November 6, 1886. They agree to a mode of distribution (according to the Homestead Laws of 1862) on the same plan as that of the Childs tract, the Urmston tract and the City Center tract, all inaugurated by this firm.

The street railway on Pearl street, at the corner of Pico street, is within two blocks of the tract, and in sixty days Col. Rowland's electric motor road will be completed on Pico street past this entire property.

LEGAL HOMESTEADS.

The best lawyers in Los Angeles state that the Childs Tract, Urmston Tract, City Center Tract and Williamson Homestead's contain nobody in the Law of the State in making a division of the property among the people in Southern Tracts holding a vested right in Southern Tracts until the completion of Schedule.

All diseases of the head, throat and chest, treated by his new and improved system of Medicated Inhalation, which carry the remedies directly to the diseased parts, thereby effecting cures in many of the so-called incurable cases, the greater part of whom had not the slightest idea of ever being cured.

OZŒNA.

Ozœna is the professional or technical name given to an advanced form of catarrh in which ulceration has eaten through the membrane lining of the nose to the cartilage of the bone. Any case of catarrh may end in ozœna, but it most frequently occurs in those who are naturally scrofulous. The discharge takes place through the nostrils or through the throat, and is generally of a yellowish or greenish yellow color, frequently tinged with blood, and almost always attended by an offensive smell. In the language of Dr. Wood, of Philadelphia, "the disease is one of the most obdurate and disagreeable which the physician has to encounter. In all cases the breath of the patient becomes so revolting as to isolate him from society and to render him an object of disgust even to himself." In some cases pieces of bone become separated and slough off, leaving deep, unhealthy ulcers, which secrete a bloody matter, and are extremely difficult to heal. After ozœna has continued some time the sense of smell usually becomes impaired and often lost. Deafness is one of its most common consequences, and results from its extension through the eustachian tubes to the interal ear. Pains in the head and over the frontal sinuses, impairing memory, and even insanity frequently springs from its extension to the brain. The greatest danger, however, because the most common, is that it will extend downward and affect the lungs. In most cases of pulmonary disease catarrh is present in some degree, and in many instances it causes a large share of the patient's misfortune.

Besides these grave consequences, all of which are liable to spring from scrofulous catarrh or ozœna, there are others which, if less dangerous, are sufficiently unpleasant. It occasions great unhappiness to thousands of both sexes, by isolating them and preventing early settlement in life. An offensive running from the nose, with foul breath, is about as great a calamity as can befall young people, for no young person should ever think of marrying while afflicted with catarrh. *Every case of this kind can be radically and permanently cured.*

Those who visit Southern California, after trying every known remedy, and failing in obtaining health through climatic changes alone, would do well to try this wonderful system, which is revolutionizing the whole medical science and effecting cures in this very city in persons given up to die.

Those who desire to consult with me in regard to their cases had better call personally for an examination, but if impossible
